GENERAL NOTES

~~~~~

**BAND DECLARATIONS Yellow Book coming later in March at front table –  
Seriously think about your plans for the fall AND  
for which band(s) you actually plan to produce an audition.**

~~~~~

LOOKING AHEAD TO AUDITIONS

This time of year is a GREAT time to gently remind everyone that the audition deadline **about six (5) months away**. It will be here before you know it. **Current Cadets should also pay heed to this advice. If you hope to move up a level you will need to prepare a Concert Junior audition..**

*Junior auditions DO NOT require any sheet music. Rather, their audition comes completely from the gold Essential Elements 1 book. **REMINDER for Adult Helpers** – no audition required for Cadet or Junior band. Only adult helpers wishing to move up a band level to Senior or Symphonic need to produce a one-time, acceptable audition for that band.*

Musical skills are not best built separately over the summer, or even worse, in just a few days before an audition recording is due. They are built with diligent, consistent daily practice.

Audition requirements are subject to change to a greater or lesser degree every year. In the past, Junior and Senior audition requirements have changed only slightly from year to year (see Audition Requirements on our website's AUDITIONS tab). Know that we are always considering new options. Please note the Senior Audition requires a portion of the Part 2 No. 1 scale passage from the book entitled [Unisonal Scales, Chords & Rhythmic Studies for Bands](#) Compiled and edited by William C. White, published by Carl Fischer. Senior audition music, which is required in addition to the exercises, is released about a month before the audition recording deadline.

Our more challenging, Symphonic audition is based on the entire Part 2 No. 1 scale passage from the [Unisonal Scales, Chords & Rhythmic Studies for Bands](#) Compiled and edited by William C. White, published by Carl Fischer. Symphonic audition music, which is required in addition to the exercises, is released about a month before the audition recording deadline.

***Part 2/No. 1 from Unisonal Scales is available at the front table
for anyone wanting a copy for their instrument.***

All these exercises can and should be practiced DAILY if students hope to improve as musicians, especially those not studying privately. They are foundational assignments that are designed to help the student to progress.

The director encourages you to evaluate yourself and your skills.

- Was last year's audition too hard? Then what is stated above applies even more.
- Was last year's audition quite easy? Then perhaps it is time to explore the idea of striving to promote up to the next band. This will require you leaving your comfort zone and entering a new set of unfamiliar and more challenging exercises.

Again, whichever band you hope to study with next year, the audition exercises are not learned and perfected overnight, but over time. Start now. Begin working daily on the audition exercises for the band you see yourself in for fall.

Desire to move up a band level? Please remember, in order to be considered for a band level promotion, members need to prepare and perform **BOTH** the audition for the band they are in as well as the one to which they are aspiring. This is all the more reason to begin preparing known parts early.

SUGGESTED STRATEGY FOR AUDITIONING

There is a document, created by the director, on our Auditions web page. It is entitled Suggested Strategy for Auditioning. In it she does just as the title suggests and offers concrete examples of how to navigate the audition process to give you the best advantage possible. It is well worth taking the time to review.

You won't regret it, but you will regret not using the next six months wisely.
